

Application to Become a UW - Extension Master Gardener Volunteer

The main purpose of the Master Gardener (MG) training class is to prepare you to be an educator and extender of horticulture to the local community. In exchange for the training made possible through UW-Extension, and to become a Master Gardener Volunteer (MGV), you are required to complete volunteer service after the training.

Upon acceptance after the selection process, in the training program you will become a member of the Wisconsin Master Gardener Association (WIMGA) for one year. You are also encouraged, but not required, to join a local MG association in your area.

To remain a Certified Master Gardener Volunteer in subsequent years there are annual volunteer and continuing education commitments (24 hours service and 10 hours continuing education).

I would like to become a Master Gardener Volunteer, representing UW-Extension, and request acceptance into the MG volunteer training program offered through my local county UW-Extension office.
