

# Outagamie County Master Gardener Association

## Member Interest Form

The Master Gardener program is an all-volunteer organization sanctioned by Land Grant Institutions in each state and functions as an extension of the college or university.

In Wisconsin, the University of Wisconsin-Extension (UW) sponsors the program. Master Gardeners are trained volunteers who aid University of Wisconsin-Extension staff by helping people in the community better understand horticulture and their environment.

To become a master gardener, one must complete the Foundations in Gardening on-line, or in-person Extension classes, or transfer from another county/state. One must also complete the Onboarding course provided by the Wisconsin Extension Master Gardener Program. Visit the UW website for details: <https://mastergardener.extension.wisc.edu/> Once completed, you are encouraged to connect with a local county master gardener association for volunteer opportunities and networking with the local master gardeners.
